FAQs and Video Tutorials

If you need more help on the, visit the FAQ Page where there is more information as well as How To Videos for the key features and tasks on the platform.

[> Click here to view the FAQ Page](#)

If you still need help, please contact app@aviationweek.com and we will respond as soon as we can.

items only relevant to me?

A. When browsing the event, you will come across exhibitors, attendees, products and sessions that are most relevant to you.

The best way to organise this important data all in one place is to use the favourite (the star icon). For sessions, click + My Schedule.

To view your favourites click on Profile > Networking > Favourites

Q. Why is the meeting button not available for everyone?

A. On the desktop version, you can only send a meeting to an "active" participant (someone who has logged in and updated their mandatory fields). This means every meeting request is likely to be seen and responded to.

Make sure your own profile is complete by completing your Interest Categories to allow attendees to book a meeting with you!

Q. How do I add products? (exhibitors only)

A. Adding a product or service is a great way for exhibitors to increase your visibility on the app and attract visitors looking for something specific to network about, without having to find you by name in the exhibitor list. A standard exhibitor can upload 2 products, an enhanced exhibitor can upload 10 products.

Tip: Upload an image 1000x1000px for the best results.
